

# Golf for Autistic Children of America (GACA)

## About Us...

Welcome to Golf for Autistic Children in America, Inc. (DLN#17053319319031) based in San Diego, CA.

GACA is a Not-for-Profit (NFP) 501(c)3 organization created to help children with autism through their formative years.

GACA was chartered to use golf as the vehicle to enlighten and teach children with autism the sport, skills, and fun of golf. Golf is a wonderful way for children and families to participate in a sport together.

Today, approximately 1 in 68 children are afflicted with this disability.

GACA, established in 2011, developed a vision to use golf as an activity to facilitate social interaction and skills in children with autism.

## Our MISSION

GACA is a non-profit organization with a mission of building life skills through golf for children

## Register for an Event....

We are planning a series of no-cost driving and putting clinics that we invite children with autism to participate.

We are teamed up with local golf courses to hold our events specifically tailored for our children and their unique skill sets. Golf shadows are available to help assist kids, along with fun instruction and practice.

Come out and bring the whole family to support our kids as we help them build life skills through golf!

Register at:  
[www.GfACA.org](http://www.GfACA.org) or  
E-mail us directly at  
[ramano@GfACA.org](mailto:ramano@GfACA.org) or call  
760-310-5223

Volunteers and donations are welcome!
